

Instructions For Using The Caduceus Coil

INTRODUCTION

Thank you for purchasing a caduceus coil.

Research by leading scientists demonstrates that our DNA uses scalar waves as its preferred way to receive and transmit energy and information.

Caduceus coils are an effective and inexpensive way to generate scalar waves. When sound healing tones are played through the caduceus coil, the scalar wave frequencies are much more easily absorbed by DNA. Significantly, **research also indicates the use of scalar waves bypasses subconscious blocks to healing, providing a much greater acceptance and receptivity by our DNA to these frequencies.** The combination of a Stargate Pyramid, caduceus coil, and Solfeggio sound healing opens up an entirely new dimension of personal healing and well-being.

YOU WILL NOT 'HEAR' ANYTHING WHEN YOU USE YOUR CADUCEUS COIL! If you would like to hear what you are streaming into your coil, you will need to add a speaker to your setup. Instructions for doing so are included later in these instructions.

Your caduceus coil is best used in conjunction with a Stargate Pyramid, although the coil may also be used as a stand-alone instrument. Use of the coil is also greatly enhanced by the addition of an electronic amplifier.

CONTENTS:

- 1 x caduceus coil (white, black, or clear)
- One 5' connector cable consisting of a 3.5 mm male stereo adapter plug on one end and an alligator clamp on the other. This wire will be used to connect the coil directly to the laptop/cell phone/iPad
- One 5' segment of speaker wire cable consisting of two bare wires on one end and an alligator clamp on the other. This wire will be used to connect the coil when using an amplifier.

REQUIRED ADAPTERS FOR NEWER CELL PHONES/iPads

In the last few years, many electronic communications devices have begun to be manufactured without a 3.5 mm receptacle. As a result, you may need an adapter. In you have one of these newer devices and do not already have an adapter, you will need to purchase one of the following:

Newer iPhone and iPad users will need a Lightning to 3.5 mm adapter. Here are two options available from Amazon. The first allows for simultaneous charging and listening, while the second one allows for listening only. Please check to make sure your device is compatible with these adapters.

PLAYING SOUND FREQUENCIES THROUGH YOUR COIL:

Sound Frequencies can be obtained through an mp3 file, from YouTube videos, and from various apps available on your cell phone.

AN EXCELLENT SOURCE OF SOLFEGGIO FREQUENCIES ON YOUTUBE IS 'MEDITATIVE MIND'.

Sound Healing Websites:

GW Hardin - You can find a tremendous amount of information on Solfeggio frequencies at his two websites - gwhardin.com and soundsofwonder.com.

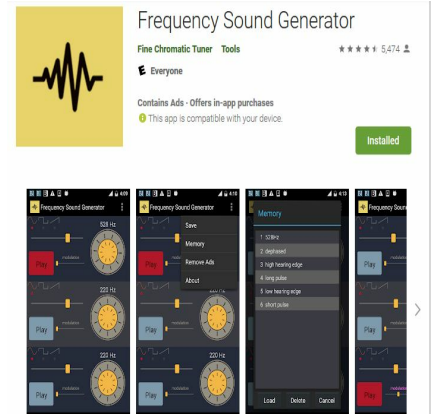

These websites contain comprehensive information on Solfeggio Frequencies, their derivation, and their mathematics. An excellent place to start is with the Solfeggio Matrix found on the soundsofwonder.com website. On the home page, click on Solfeggio, and then Solfeggio Matrix. Hardin's Solfeggio matrix is also attached at the end of these instructions.

Jonathan Goldman- The healingsounds.com website contains information on Jonathan's sound healing research and free healing sound mp3 downloads.

Tone Generators:

Frequency Sound Generator- On Android phones this app is called 'Frequency Sound Generator' and on iPhones and iPads it is called 'Sound Generator'. This tone generator allows for the playing of up to three tones simultaneously. Research indicates playing two or more Solfeggio Frequencies at the same time produces the harmonics (overtones and heterodynes) of the related Solfeggio Frequencies, which tends to provide a more beneficial and powerful result. It has both coarse and fine tuning adjustments that allow you to tune in new frequencies more rapidly, or to set new ones while another is playing. Finally, you can save your frequently used series of tones for easy retrieval and reuse.

Professional Frequency Generator for the sound engineer, musician or enthusiast

Tone Generator PRO- This app is truly amazing, but is only available on Android phones. This app allows you to play up to 16 tones simultaneously. You can preset an unlimited number of frequency sets into the app. The one drawback is that without upgrading to the PRO version (\$9.99 for lifetime usage) you are limited to 90 second sessions, but the price is well worth it.

Using Your Caduceus Coil Directly Connected to Your Cell Phone/Laptop/iPad

These photos depict the appropriate setup for connecting the caduceus coil to an iPad, laptop or cell phone. Simply insert the 3.5 mm male stereo plug into the female receptacle on your device (or adapter), and connect the alligator clamp to the end of the coil.

If you are interested in hooking up an external speaker along with your caduceus coil, and don't want to use an amplifier, this can be accomplished by using a 3.5 mm splitter. An inexpensive splitter can be purchased from amazon.com. First attach the male end into your phone or 3.5 mm adapter. Then attach your coil with the 3.5 mm wire with alligator clamp supplied with your coil.

To hook up one or more speakers, we recommend using a speaker that accepts a 3.5 mm input cable (example shown right). Unless using this with a laptop with a USB port, this configuration will likely require purchasing an additional 3.5mm extension cable to hook up to the speaker(s).

Using Your Caduceus Coil With an Amplifier:

Frequencies played through an amplifier provide a significant increase in the associated energy field, particularly when the amplified coil is placed inside the pyramid. There are a number of relatively inexpensive amplifiers available on amazon.com to enhance the power of the coil. An inexpensive amp I use is the amplifier shown below. You can also use other amplifiers available from amazon.com, or other amplifiers such as stereo amplifiers you may have around the house.

We suggest initially limiting exposure to around 30 minutes per session when using frequencies generated using an amplified coil inside the pyramid, gradually increasing time exposure. Intuitive testing and dowsing indicate that when healing tones are played through an amplified coil placed inside a Stargate Pyramid, the energy field is quite extensive (measuring 10-12 miles when used in conjunction with a Stargate pyramid) and greatly enhances the energy field of anything in its area of influence.

You may also wish to consider leaving your frequencies playing even when not inside the pyramid. I often leave the frequencies on continuously as it seems to improve the overall energy of the entire home. When I enter the room with the frequencies playing, I can immediately sense an improved energy field.

When using an amplifier, use the included speaker wire with alligator clamp, and an RCA cable to connect your device to the back of the amp as shown.

Where to Place the Caduceus Coil:

There are numerous ways to use the Caduceus coil, and there are really not any 'wrong' ways. We have found that the most energetic ways are holding/placing the coil in your lap (holding vertically seems to be more energetic), and suspending the coil from the top of the pyramid (even more energetic). The photos show how to suspend it vertically from the top of the pyramid with both a piece of thin twine, and how to place it horizontally atop the Apex Amplifier.

Using A Speaker and Amplifier With The Caduceus Coil

You can also add a speaker into the mix, as it enhances the life force energy produced when both the coil and speaker are used simultaneously. Although you will only need one speaker, you may need to buy a pair if you don't have one available. A reasonably priced pair on amazon is shown in the picture to the right. The hookup for this arrangement when using an amplifier is shown in the picture on the right.
